

The Budweiser Clydesdales

The symbol of Anheuser Busch since 1933, the majestic Budweiser Clydesdales come to the Fair for the first time in ten years. Famous worldwide for their stature, power and beauty, the ten horses will be on display during the day and featured in the daily parade at 5 pm. Come meet the "gentle giants" who stand more than 6 feet at the shoulder and weigh upwards of 2000 lbs each. The Clydesdales have entertained audiences around the world, logging more than 100,000 miles per year. The expert grooms who travel with the horses spend about five hours washing and grooming the horses, polishing the harnesses, braiding red and white ribbons into the manes and inserting red and white bows into the tails. The entire harnessing process takes an additional 45 minutes. Once the harnessing is completed, Clydesdales are individually hitched to the red, white and gold 1903 Studebaker-built beer wagon.
